

AN INTRODUCTION

TO THE *LRC*

AT

ROANOKE-CHOWAN TECHNICAL INSTITUTE

"An Equal Educational Opportunity Institution"

WELCOME

This booklet is your introduction to the Learning Resources Center at Roanoke-Chowan Technical Institute. It is not a replacement for the Library Handbook, but an invitation to relax and study in a pleasant atmosphere.

The LRC consists of the Library, the Audio-Visual Center and the Learning Laboratory. Each area has its own specific services to offer you as a student. A great deal of planning has gone into the acquisition and organization of books, films, tapes, records and other materials you may need as you pursue your studies. The media has been selected with YOU and YOUR NEEDS in mind correlated with your general interest areas and varied curriculums.

Please let our staff assist you in any way we can help to make your studies successful through your ability to make valuable use of our facilities.

Roanoke-Chowan Technical Institute
Learning Resources Center
Route 2, Box 46-A
Ahoskie, N. C. 27910
332-5921

Do You Need Help to Find:

Encyclopedias

Dictionaries

Atlases

Fiction

Non-Fiction

Periodicals

Microfilm

Films

Film Loops

Filmstrips

Tapes

Kits

Begin with the Card Catalog

All books and audio-visual materials on our shelves are identified in the card catalog. Our card catalog is actually three different catalogs. One is an alphabetical listing by author; another is an alphabetical listing by title; and the last is an alphabetical listing by subject.

Periodicals

Our periodical collection consists of about 275 titles, including popular, scientific and technical magazines and newspapers. Back issues are kept on file in the library in either bound volume or on microfilm. The current issues may be checked out for one week. We can make xerox copies of back issues for five cents per page.

Don't Forget the References

Dictionaries, Atlases, Almanacs, Bibliographies, Encyclopedias,
Handbooks, Guides.

What if the information you need is not in our library?
Then the ILL Hot Line is ready to serve you.

Our library maintains a direct telephone line to the State Library from which we can obtain books on interlibrary loan. If a book is not available from the State Library, they will locate it in one of the 230 other libraries which will send it on interlibrary loan. The State Library also has a reference service to answer questions and assist with research. Ask a staff member to assist you with these services.

Circulation

Checking Out Materials

During registration each student fills out a library card which allows him to borrow library materials. When you are ready to check out materials, go to the circulation desk and sign your name and library card number on the book card. Wait for the librarian to verify your name and stamp the date due slip in the book. Returned materials may be dropped in the slot in the front of the circulation desk. Magazine request cards must be filled out for each periodical requested.

Books on Reserve

Books and other materials for special assignment or required reading are placed on reserve by faculty members so that they can be used by the greatest number of students during a limited time period. Ask for these materials at the circulation desk. They may be signed for and used in the library.

Learning Laboratory

Do you have any of the following goals or needs?

- To improve skills in math and English
- To complete high school
- To satisfy requirements for college entrance
- To study a foreign language
- To increase reading speed
- To spell better

If you have any of these or other needs, visit the Learning Lab where coordinators are eager to help you achieve your goals. Self-paced instruction is the key to the success of the Learning Lab. Sign up for a course in the lab. The number of hours and days or nights you attend are left up to YOU. Give yourself a chance to be successful.

Summary

Now that you have browsed through this booklet, remember the LRC can offer:
